

Underwater navigation and transects

Giorgio Caramanna

1. Introduction
2. Operating a compass
 - 2.1. Issues when operating an underwater compass
3. Navigation using a compass
 - 3.1. Direct course and return
 - 3.2. Multiple directions
 - 3.3. Measuring the distance
4. Ambient awareness
5. Search patterns
 - 5.1. Square
 - 5.2. Serpentine
 - 5.3. Triangle¹⁵
 - 5.4. Concentric circles
6. Transects
 - 6.1. Deploying a transect
 - 6.2. Hip-chain
 - 6.3. Potential issues with transects deployment and use
7. Conclusions
8. Exercises
 - 8.1. Direct and reverse bearing dry
 - 8.2. Direct and reverse bearing in water
 - 8.3. Search patterns dry
 - 8.4. Search patterns in water
9. References
